Instructor Gina Comelli Locke is a local professional watercolor artist, and member of the Oregon Watercolor Society. She has been teaching art for over 13 years. Lessons take place in her home art studio / classroom space in Happy Valley.

These classes are geared toward adults who are just starting to explore their artistic talents, or for those who would like to better hone their watercolor techniques.

In the fall session, we will paint a step by step painting of the Columbia Gorge and a Fall Road. Each painting will take 4-5 weeks to complete.

A supply list will be given to you upon registration.
